  (and why is this important?)

This silly individual :3c is missing and we need your help to find her. She was last seen near the graveyard at %$@#%$#@ street on 31 October 2026 (🎃 Halloween 💀). she was with another person called fenko who also went missing. Police is searching in the forest near the graveyard because they find pink ribbon caught on the fence in that direction. and apparently blackout often have pink ribbon rapped around her hat (i know there isn't a ribbon on the photo because someone forgot that and used an old photo). There were also testimonies stating that there was one other person but when asked how this person looked like everyone just said: "it was just a dark figure". Police is also searching for that mysterious person. You can find more information here (wait is this url? If we're gonna print this then how the hell is someone gonna enter it?) if you know something about missing person contact us at 53#!@$...01100111 01110010 01100001 01110110 01100101 01111001 01100001 01110010 01100100
